Either way is fine with me. If the EDDs are already included as attachments, please go ahead and forward them now. If it's extra work to do that, then just the lab reports are fine, although EPA might request the EDDs later.

Thanks!

Joyce

Joyce,

Not a problem I will send the drum and sample list along with the data. Please let me know if you have any questions or need clarifications. I assume the lab reports are good enough or do you want the EDDs as well?

Thanks TJK

**Subject:** RE: Analytical Data

Hi Tom – Please just send data as you receive it. Hopefully there will be some way for me to know what lab result goes with what drum or soil sample?

Thanks and Happy New Year!

Joyce

**Subject:** Analytical Data

Joyce,

WE are finally getting in analytical data for profiling and disposal. We have not completed the data validation, but the AOC Paragraph 30 f notes we need to send the DATA to EPA within 4 days of receipt. Do you want the data validated before I send over or do you just want the reports as they come in?? We will be working on profiles today and Tuesday to get approvals for T & D. Hope you had a great Christmas.

Thanks TJK
